## 🎓 Education

**2012: Bachelors of Engineering** from Indira College of Engineering & Management.

**2008: Diploma in Engineering** from Indira College of Engineering & Management.

## ⚙ Key Skills

Fullstack Web Development & Maintenance

Responsive Web Design Principles

Agile & Scrum Methodology

UI UX Design & Development

Performance Analysis/ Tuning

Cross-Browser Compatibility

Performance Optimization (Webpack)

Accessibility Standards

Application Security Best Practices

Troubleshooting & Debugging

Code Review & Optimization

Code Refactoring

Unit Testing (React Testing Library, Jest)
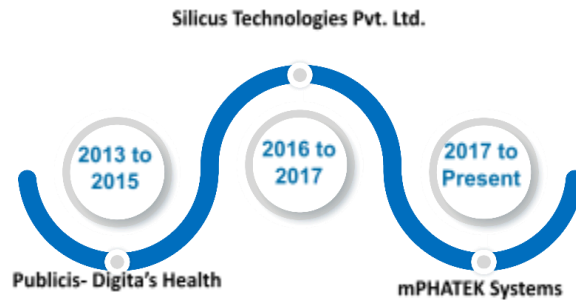

Defect Tracking & Validation

Client & Stakeholder Relationship Management

Quality Assurance Processes

Cross-Functional Coordination

## 👤 Profile Summary

- **Performance driven professional** with extensive experience in front-end development with skills in crafting visually stunning, user-centric & responsive website designs; expertise lies in developing captivating UI experiences while strictly adhering to **w3c standards & ensuring 508 compliances,** fostering inclusive & accessible web experiences.

- Proficient in **HTML5, CSS3, Bootstrap, JavaScript & React, NodeJS and various frontend frameworks**, specialized in creating adaptive, responsive, mobile-first designs that seamlessly transition across devices; ensured adherence to **Agile methodologies**, while driving iterative design processes that foster collaboration, innovation & rapid prototyping.

- Oversee the design and execution of user-focused applications in the role of Senior Software Engineer at mPHATEK Systems, while consistently upholding industry best practices in software development. Directed the successful development of the **Edelweiss Insurance Web Application**, which optimized user interactions and enhanced overall functionality, **rendering assistance to the clients towards achieving their business goals through the application.**

- Earned accolades for the successful completion of the **Omnispay Payment Services Website & Application Project**, which significantly improved transaction efficiency and user engagement, contributing to a notable **90% boost in customer satisfaction**.

- Notable success in leading the **redesign of high-traffic websites** resulting in a significant increase in user engagement & conversion rates by implementing cutting-edge design principles & optimizing performance; successfully **reduced page load times by 90%, enhancing overall user experience.**

- Recognized for effective leadership & multitasking capabilities, managed cross-functional teams to deliver complex projects under tight deadlines with commitment to quality & detail ensuring the **integration of SEO best practices, resulting in improved site visibility & search engine rankings.**

- Successfully spearheaded **A/B testing initiatives**, analyzed user behavior & implemented data-driven design enhancements that boosted **click-through rates by 80% and reduced bounce rates by 70%.**

- Possess skills in **embracing emerging trends & technologies**, creating intuitive interfaces, leveraging tools like **ReactJS & Angular, NodeJS** to develop interactive & engaging web solutions; passionate about pushing design boundaries, actively contributing to open-source projects and continuously seeking opportunities to innovate & elevate digital experiences.

- Skilled in **guiding & supporting over 5 team members in their professional development** entailing sharing knowledge, providing guidance on complex technical problems, offering advice on best practices & methodologies, and helping individuals enhance their skills & expertise.

Team Management & Leadership

## 📊 Career Timeline

Silicus Technologies Pvt. Ltd.

2013 to 2015   2016 to 2017   2017 to Present

## 🪪 Certification

- Bitcode Institute **Web Development Certification Program.**
- **Karox Red Hat Linux Certification Program** (ISO 9001:2000 Certified).
- **Udemy Angular Certification**.
- **Udemy React Certification**.

## ⚙️ Technical Skills

- **Frontend Technologies:** HTML5, CSS3, JavaScript, jQuery, Sass,Bootstrap, Kendo UI, Responsive Design,MaterialUI,Tailwind Css
- **CMS & Databases:** WordPress, MySQL, Ajax, RESTful Services/API,MongoDB
- **Frameworks:** MVC, Angular,NGRX, React,Redux, NodeJS.
- **Version Control:** Git, JIRA, TFS, SVN.Docker
- **Design Tools:** Adobe Photoshop, Figma.
- **Operating Systems:** Windows, Linux, Mac

## 💼 Work Experience

**July'17 to April'25**

### mPHATEK Systems, Pune
#### Senior Software Engineer
**Technology Used:** HTML5,CSS3,JavaScript, jQuery,Saas,MySQL,PHP,Angular,React,Wordpress,CoreUI,MaterialUI,NGPrime**.**

- Led the development of dynamic and responsive user interfaces for diverse platforms, including websites, mobile applications, and web applications, delivering seamless user experiences across devices and screen sizes.
- Collaborated closely with design teams to transform complex visual mock-ups into functional and interactive code, ensuring design fidelity and pixel-perfect execution.
- Demonstrated advanced proficiency in communicating ideas and concepts through a wide range of front-end methodologies, translating abstract concepts into effective technical solutions.
- Leveraged in-depth knowledge of mobile operating systems and platforms to evaluate and implement feasible design solutions, optimizing performance and user engagement on various devices.
- Proactively identified and resolved development challenges, working both independently and within cross-functional teams to deliver efficient, high-quality solutions that addressed technical issues promptly.
- Consistently delivered projects on time and to a high standard, meeting and exceeding expectations for functionality, user experience, and performance across multiple concurrent initiatives.

**May'16 to June'17**

### Silicus Technologies Pvt. Ltd., Pune
#### Front-End Developer II
**Technology Used:** HTML5,CSS3,JavaScript, jQuery,Saas,MySQL,Kendo UI,Responsive Web Design,Wordpress**.**

- Developed and implemented dynamic front-end solutions for web applications using cutting-edge web technologies, enhancing user interaction and responsiveness.
- Collaborated effectively within cross-functional teams as well as independently to diagnose and resolve complex issues, ensuring seamless project execution and high-quality outcomes.
- Ensured on-time delivery of projects, consistently meeting deadlines and maintaining high standards of quality, functionality, and user experience.
- Led the debugging of browser-specific issues, working alongside quality assurance teams to optimize cross-browser compatibility and deliver consistent performance across platforms.

**Dec'13 to Aug'15**

- Resolved user-testing issues promptly, ensuring that new tools and features met the precise needs and expectations of users, contributing to product improvement and client satisfaction.

## Publicis- Digita's Health, Mumbai
### Sr. Web Application Developer
**Technology Used:** HTML5,CSS3,JavaScript, jQuery,MySQL,Wordpress.

- Spearheaded the design and development of user interfaces for websites, iOS, and mobile applications, delivering visually engaging and functional solutions across multiple platforms.
- Engineered responsive layouts for applications, ensuring seamless usability and optimal viewing experiences across a wide range of devices and screen sizes.
- Gained expertise in and developed solutions for industry-leading e-detailing platforms such as Veeva, UCB, and Proscape, enhancing the digital presence and marketing capabilities of clients.
- Ensured cross-browser compatibility, meticulously developing applications that function flawlessly across various browsers, significantly improving user accessibility and experience.
- Led the debugging and resolution of browser-specific issues, in collaboration with quality assurance teams, to ensure consistent performance and reliability across all platforms.
- Collaborated closely with back-end development teams to implement interactive functionality, creating integrated solutions that enhanced the overall user experience and application interactivity.
